

The ReUse People of America, Inc.

Landfill Diversion Metrics

Project Address:	1556 Prospect Ave. Hermosa Beach, CA 90254
Completion Date:	March 8, 2011

C&D Diversion (US Tons)

Materials Salvaged for Reuse:	
Fixtures (by The ReUse People of America)	1.40
Lumber (re-used on site)	1.30

Total Salvage for Reuse	2.70 tons
Recycled metal (by RER, Inc.)	0.50
Recycled wood (by RER, Inc.)	2.00
Recycled concrete (by RER, Inc.)	36.00
Other Recycled (by CWS) - mixed inert (1.4tons); wood(1.0); drywall(.6); greenwaste(.2); carpet(.17); metal(.15); other (.1)	4.54
Total Recycled	43.04 tons

Total Landfill Diversion	45.74 tons
Landfilled	1.09 tons

Diversion Rate	97.6%
-----------------------	--------------

As indicated, all the weights & percentages were provided by the following:

- * CWS (a State of California Integrated Waste Management Board approved Construction & Demolition waste processor);
- * RER Demolition, Inc. (a Deconstruction/Demolition Contractor certified by The ReUse People of America);
- * The weight for the Fixtures that were salvaged for reuse was completed by The ReUse People of America.
